- AI Tools: ChatGPT, Claude (used for learning, debugging, and improving development workflow)

### Soft Skills

- Problem Solving
- Teamwork and Collaboration
- Time Management
- Attention to Detail
- Communication Skills

## 📁 PROJECTS

### Personal Portfolio Website

Designed and developed a responsive personal portfolio website to showcase my skills, projects, and professional profile. Built the project using modern web technologies and enhanced the development process by leveraging AI tools such as ChatGPT, Claude, and other learning resources. Through this project, I strengthened my understanding of problem-solving, UI implementation, debugging, Git/GitHub workflows, and integrating new concepts by learning independently and applying them in a real-world project.

## 👤 PROFILE

Fresh MERN Stack Developer with the skills to build and deploy web applications. I mix core coding skills with AI tools like ChatGPT to build smart, efficient projects. I am a quick learner looking for an entry-level opportunity to grow my skills and contribute to real-world projects.

## CERTIFICATES

### **MERN Stack Development Certificate**

Issued by: Prayug (A Unit of Stuvally Technology Pvt. Ltd.)
